With experience of over 30 years, **PT ANEKAMAKMUR TEKNIK NUSAJAYA** has been dedicated to providing customers with the 'best solution' in industrial needs. To achieve such standards, we have provided these services.

1. Technical Expertise
In specifying the right product for the right job, experience pays off PT. ANEKAMAKMUR TEKNIK NUSAJAYA staff offers the technical expertise needed to specify a state-of-the-art product installation, and it doesn't stop there. Our services include installation supervision, start-up, trouble-shooting and personnel training.

2. Field Service and Maintenance
Industrial products are critical to a system, they must operate when needed. Our field service assures you of minimum down time and maximum system reliability. Major repairs are, however, brought into our well-equipped Service Workshop in Pasar Kemis.

3. Parts Service
As a stocking distributor, PT. ANEKAMAKMUR TEKNIK NUSAJAYA not only stocks product repair parts, but also stocks entire product assemblies to service your needs from our warehouse.

4. Other services

- Ready-stock on most products
- Limited warranty claim
- Assembling/Coupling of products

For the benefits of our customers, we are welcoming any comments in order to improve our service and quality. Contact Us.
